

Be given real choices

To say 'no,' refuse or reject things

To ask for what I want

To be listened and responded to (even if the answer is no)

To ask for, and get, attention and interaction

To share my feelings

I have the right to...

To know about my schedule

To be taught how to communicate

To be communicated with in a sensitive manner

To always have access to things that help me communicate

To have my communication tools working... and a back up

To be a full member of my community

To be treated with respect and dignity

To be spoken with, not about
