

SEPTEMBER 2026

JCT NEWSLETTER

Communication is everyone's business.

First JCT Newsletter of the 2026 / 2027 school year!

We hope everyone has had a positive start to this new academic year - September is always a busy time of new starts and transitions, so in this newsletter we will be re-introducing ourselves and the JCT service. Whether you are new to H&F or we've worked with you for years, we always want educators to be aware of everything we offer. Hopefully we have already seen you in school, met you online or exchanged emails, but if you have any questions about the JCT, we are always here to answer them, so don't hesitate to get in touch.

Mairin, Aimee, Alice, Alison, Moira and Jos

The JCT Team

Website under construction

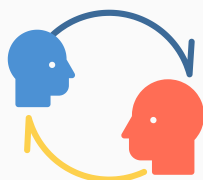

A quick note to say that our website is in the process of being updated and improved. We're excited to add some new topic areas and additional resources, as well as hopefully make it easier to navigate. Apologies in the meantime if it looks different.

JCT Offer

Here is a reminder of some of the support the JCT can offer schools and settings this term

SLCN Training Workshops

The JCT and Mainstream schools SALT service have a combined workshop programme, with more than 50 online workshops this term.

We also offer bespoke workshops in school.

Early Identification

We provide free training and resources to enable schools to screen children's speech, language and communication development.

Reception Offer

We are busy triaging pupils who have been discharged from the Early Years SALT service, but may continue to need support. We visit these pupils to identify next steps.

Environmental Audit's

We can offer support to explore your classroom / setting environments and collaborate on developing communication-friendly practice.

Modelling of Universal and Targeted strategies

Our Specialist Teachers can provide in person advice and modelling to support you to use Universal strategies and Targeted interventions for SLCN.

Specialist Intervention

Our Speech and Language Therapists can provide Specialist level intervention where children and young people are identified as needing this level of support,

What the JCT Team are looking forward to this term...

Supporting schools to set up more Language for Behaviour and Emotions interventions - I love how powerful it can be for young people's wellbeing.

Jos

Getting some language groups up and running at school, it's brilliant to see the children working together!

Mairin

Supporting educators to understand and support the needs of children with SLCN and allow them all to enjoy success, both academically and socially.

Moira

Showcasing the amazing artwork of my students who stammer on our website to raise awareness for stammering on the 22nd October.

Aimee
